like when  
you're standing  
at an air show  
and suddenly  
become aware  
of the risk

you don't  
quite know what  
to do whether  
to write about  
it or run  
away  
or just stay  
and watch as  
long as it  
lasts and enjoy the  
feelings knowing  
only what you  
know
